## COLLECTION PROJECT

# Kaduna, Nigeria

### Project information

Ceetee Recyclers is using Empower's tracking system for inventory control, and benefits from Empower' Plastic Credit funding scheme to increase the incentives for collection and recycling of plastic bottles. The funding also contributes to increased social benefits for waste collectors in Kaduna, Nigeria.

### Partner organisation information

Ceetee Recyclers, formerly known as City Recyclers, has been in existence since early 2019, and are based in Kaduna in Nigeria. The company is a recycling and social benefit organization which focus mainly on creating jobs, creating value from waste and also empowering youth - both males and females. In their normal operation, Ceetee Recyclers saves tens of tons of plastics from ending up in landfills every single month. Additionally, they engage the community in clean up events from time to time. They are driven by the the first hand experience of seeing how waste ends of in the waterways, landfills, dumpsites, and oceans causing flood and environmental hazards.
